Doch weit, weit muss der wandern Über fremdes Reich und Meer, Der den alten Bergen nachgeht, Wo der Stein der Weisen wär. Alexander Bernus: Alchymie und Heilkunst

Margret Eagle Wind | Facebook
Over the course of his life Alexander von Bernus published over twenty volumes of poetry, he wrote novellas, shadowplays, theatre plays, mystery plays, prose texts and an important work in the fields of alchemy and natural science: »Alchymie und Heilkunst« (»Alchemy and the Art of Healing«).

Using the ancient art of spagyrics for treatment of today’s health problems • Contains detailed indications for using alchemical preparations therapeutically • Shows how the essences work holistically to heal the mind, body, and spirit with the energetic qualities of the plant • Provides effective therapy for a wide range of physical and mental disorders Spagyrics is a branch of medicinal alchemy that enhances the healing properties already existing in plants. Developed by Paracelsus, the magus and alchemist of the early 16th century, spagyrics is a holistic therapy that promotes healing at all levels of the human being--body, soul, and spirit. Spagyric essences harness the dynamic life force in plants that triggers recovery from the energetic imbalance of illness. The harmonizing and balancing qualities of spagyric essences differ from other plant remedies and aromatherapy oils because they not only include the plant’s energetic information but also incorporate the salt of the plant, from which all toxic matter has been purged. The preparation of this alchemical medicine makes it possible to capture the full therapeutic spectrum of plants, including the cosmic energies they have absorbed. Alchemical Medicine for the 21st Century contains detailed indications for using these alchemical preparations to treat both physical and mental disorders. The author shows, for example, that the tincture made from dandelion is especially potent on liver-related ailments and also raises the spirit and frees the patient from anger and bitterness. The immune system is also boosted by this essence, providing tonic effects for allergy sufferers. The author, a homeopath since 2000, also shows how these spagyric essences can be potentized homeopathically.

Beginning 1975 prepared from citations in the National Library of Medicine's computerized data base HISTLINE. Includes some citations from publications not held by the National Library of Medicine and not appearing in HISTLINE.

Der Katalog erschliesst Handschriften und Drucke alchemischen Inhalts aus dem 16. bis 20. Jahrhundert, die der deutsche Dichteralchemist Alexander von Bernus (1880-1965) gesammelt hat. Er verzeichnet rund 600 Druckschriften und enthalt eine Beschreibung handschriftlicher Alchemica, ferner macht er mit ausgewahlten Zeugnissen der fruhneuzeitlichen Alchemica picta-Tradition bekannt und informiert uber Entstehung, Eigenarten und Funktion der Alchemicasammlung Bernus. Der Band erganzt die wenigen bibliographischen Hilfsmittel zur alteren Alchemieliteraturund gewahrt Aufschlusse uber Grundzuge der fruhneuzeitlichen "Alchemica technica" "Alchemica transmutatoria metallorum", "Alchemica medica" sowie "Alchemicamystica"; schliesslich gibt er auch Einblicke in die fachliterarische Rustkammer eines deutschen Arkanpharmazeuten des 20. Jahrhunderts.

Homeopathy works, heals and is easy to explain and understand. All that is needed is a change of perspective to a scientific paradigm that suits homeopathy and on which basis its laws make sense. In the current discussion about the effectiveness of homeopathy, this book gives clear answers and illuminates the historical, philosophical and scientific backgrounds of this holistic medicine. It shows that there is much more to it than a healing method. Homeopathy offers a medical alternative that does not produce resistant germs, does not bring hormones and toxins into the body and the environment, and due to its minimal consumption of resources is sustainable, inexpensive and can be used worldwide. Homeopathy is a healing method that moves between the worlds of modern science and the traditional holistic paths and can contribute the best from both sides. It developed an accuracy of observation, documentation and knowledge of remedies, as well as an international exchange of experience, as is only known from modern sciences. And it builds on the depth of the intuition of the practitioners, on the direct encounter with the essence of the remedies and on an understanding of the life force as only the holistic traditions cultivate. Only those who see both sides can truly understand homeopathy and use or exercise its full potential.
