Vedic astrology uses this, as does Western Sidereal astrology, which was took its orientation from the Indian model. Around 2,000 years ago, when Western astrology was in its formative stages, the two zodiacs coincided. Since then, with the precession, the two zodiacs have been slowly moving apart, around 50 seconds per year.

This expanded, updated edition is a gateway to the cosmic wisdom of India's ancient sages.

Astrology of the Seers is a clear yet comprehensive presentation of Vedic astrology and makes this difficult-to-understand subject clear, practical and relevant. it reveals the deeper implications of the Vedic system in sections on astrology as a spiritual science, astrology and psychology, astrology and yoga. Of special interest, the book explains the cycle of the world-ages (yugas), showing the Vedic view of human history, and the connection of our solar system with galactic sources of energy. Thirty-two example charts of all types are explained including those of many spiritual teachers, covering all the main aspects of its philosophy, background and practice, including chart interpretation and methods of balancing planetary influences such as mantra and gem therapy. The present edition has been thoroughly revised and updated.

Vedic Astrology Simply Put is a colorful, fun, and simplified entry into the mysterious and captivating world of Vedic Astrology, called Jyotish in India. William R. Levacy, an astrologer with more than two decades of experience, offers beautifully rendered illustrations and text to ease your understanding of this ancient system of behavior and trend analysis. This book gives you straightforward guidance on: * How to decipher the myths and origins of Vedic astrology * How Vedic astrology differs from Western or Tropical astrology * The Vedic style of interpreting the Sun, Moon, planets, houses, and signs * How the Vedic seers used the Moon signs (called nakshatras) and other special techniques to zero in on how people behave * How to use Ayurveda, the Science of Health; and Vastu--the Science of Space (India's counterpart to Feng Shui)--integrated with Vedic astrology, the Science of Time Much of the Vedic art was custom created for this book by master artists in India. There's also a special bonus enclosed--a free CD-Rom of the popular "Parashara's Light SE" Vedic astrology software.

Light on Life: An Introduction to the Astrology of India Light on Life brings the insight and wisdom of Indian astrology to the Western reader. Jyotish, or Indian astrology, is an ancient and complex method of exploring the nature of time and space and its effect upon the individual. Formerly a closed book to the West, the subject has now been clarified and explained by Hart de Fouw and Dr. Robert Svoboda, two experts and long-term practitioners. In Light on Life they have created a complete and thorough handbook that can be appreciated and understood by those with very little knowledge of astrology.

This is a book that I would recommend to anyone who is thinking of learning Vedic Astrology. Congratulations Ronnie on a job well done. I would recommend this book to the newcomer to vedic astrology a worthy contribution to the limited although expanding number of vedic books. A dazzling tour de force on a topic that needs elucidation for modern astrologers. Readers thinking about taking a dip in the ocean on vedic astrology will find this book an excellent place to wade in. Vedic veterans will benefit from Ronnie's valuable new material on planetary combinations.

What if you had a map of your future? Here it is! The ancient sages of India created just such maps to help us find our way through the unknown terrain ahead. "A Thousand Suns" introduces you to this yoga science of Vedic Astrology, it helps us discover how Vedic birth chart encapsulates our personality, experiences, spiritual potential and helps us generate a much more positive future.

The Book by Dr. Dennis Harness provides an excellent practical presentation to this important astrological system. It shows us how to access the wisdom of the Nakshatras in our personal life and for our society. Through it, the modern reader can understand the energies of their stars and learn how to utilize these to bring their lives into harmony with the great forces of the universe. The book is a must reading not only for any students of astrology but for anyone interested in self-development or spiritual growth.

"This book presents the ancient Hindu astrology in its occult and esoteric aspects. Traditional practitioners often failed to defend the veracity of the subject and dispel the scepticism of modern intellectuals. The ancient revelations have been restated here to meet contemporary requirements. The ancient seers presented Vedic Astrology under various assumptions and in allegorical and symbolic languages. They assumed polydimensional extension of human consciousness which was closely related with planetary impulses. Apart from the general approach to this ancient science, the study presents in depth the astrological description of the nature of man. It also provides deeper implications of various planetary combinations. Advanced practitioners as well as general readers will find the book informative, illuminating and highly rewarding.

A simple, straightforward & engaging introduction to a system of prediction that is over 4,000 years old.
