Vietnam War protests, the civil rights movement, and sexual liberation—fed back into the British rock scene. British beat groups also defined their music as art, not commerce, and felt themselves to be constrained by technology rather than markets.

~~Rock—Folk rock, the hippie movement, and “the rock...~~  
Often seen as the precursor to the hippie movement of the 1960s, the Beat Generation was primarily a group of young writers who explored the strange cultural shifts in post-World War II America. The Beat Generation was one of America ' s first counter-culture movements and embraced drug use, liberal sexuality and obscenity in their writings and works.

## ~~The History Of The Hippie Cultural Movement~~

The hippie subculture began its development as a youth movement in the United States during the early 1960s and then developed around the world. Its origins may be traced to European social movements in the 19th and early 20th century such as Bohemians, and the influence of Eastern religion and spirituality. From around 1967, its fundamental ethos — including harmony with nature, communal living, artistic experimentation particularly in music, and the widespread use of recreational drugs ...

Okay, so we understand that the revolution swept across popular culture, but how did it impact the average person? Not everybody in the 1970s was a liberated ex-hippie on a sexual mission. To judge from the film *The Ice Storm* (1997), the revolution wasn't an enlightenment, but rather a hollow cause, leaving the promiscuous sad and alone.

## Acces PDF Bit Pop Revolution Gli Hippie Che Inventarono Il Futuro

The origins of the terms hip and hep are uncertain. By the 1940s, both had become part of African American jive slang and meant "sophisticated; currently fashionable; fully up-to-date". The Beats adopted the term hip, and early hippies inherited the language and countercultural values of the Beat Generation. Hippies created their own communities, listened to psychedelic music, embraced the sexual revolution, and many used drugs such as marijuana and LSD to explore altered states of consciousness
