The problem with government cybersecurity requirements are they tell you "what to do," but not "how to do them." This book does just that. This is a blueprint and how-to book for small through large businesses on what is required to meet the Department of Defense's (DOD) cybersecurity and future like federal government contracting requirements. It provides business owners with a sense of comfort on how to meet and compete for DOD contracts. The requirements of NIST 800-171 may seem daunting, but this book is intended to make the cryptic more comfortable. (This book is updated to include color pictures and diagrams; it is better organized to help the company

guided examples, In this book you will learn to:

- * Take responsibility for your life
- * Set goals and manage time
- * Invest in developing knowledge and core skills towards what you want to achieve
- * Face up to what isn't working and stay motivated
- * Focus on your unique abilities and reflect daily on your thoughts and inspirations
- * Transcend other people's limiting opinions...and much much more.

So, I'm not saying this'll be easy, but then nothing worth having ever is...so decide if you want massive change, believe you deserve it and commit to its attainment. Let it guide you from where you are to where you deserve to be.. Get The Alpha Blueprint and your future begins now.
