2016 Revised Third Edition with additional material. As a small boy, Pieter Kohnstam lived with his parents in an apartment in Amsterdam during World War II. Anne Frank, whose diary has become world famous, was a neighbor and his sometime babysitter and playmate. When the Nazis occupied the Netherlands, the Frank family went into hiding, but the Kohnstams decided to flee. Traveling across Europe to Spain, and from there to Argentina, their year-long odyssey was filled with hardship, danger, and miraculous escapes. Along the way, many people, the Kohnstams would not have made it to safety. "A Chance to Live" tells their remarkable story of survival. Based on a memoir of Pieter's father, this is a powerful tale of struggle, determination and survival during the Holocaust, chronicling what is best about people and affirming that we are, after all, one human family.

In this innovative study, Crystal Sanders explores how working-class black women, in collaboration with the federal government, created the Child Development Group of Mississippi (CDGM) in 1965, a Head Start program that not only gave poor black children access to early childhood education but also provided black women with greater opportunities for political activism during a crucial time in the unfolding of the civil rights movement. Women who had previously worked as domestics and sharecroppers secured jobs through CDGM as teachers and support staff and earned higher wages. The availability of jobs independent of the local white power structure afforded these women the freedom to vote in elections and petition officials without fear of reprisal. But CDGM's success antagonized segregationists at both the local and state levels who eventually defunded it. Tracing the stories of the more than 2,500 women who staffed Mississippi's CDGM preschool centers, Sanders's book remembers women who went beyond teaching children their shapes and colors to challenge the state's closed political system and white supremacist ideology and offers a profound example for future community organizing in the South.

The alien Catteni invaded Earth and enslaved thousands of humans on the planet Botany, where they struggle to survive while colonizing the world for their overseers. Now that they ' ve proved Botany is capable of sustaining life, Kris Bjornson and her fellow settlers have no intention of surrendering the home they ' ve created for themselves. ... Armed with the knowledge that the true enemy behind the Catteni is the Eosi race, Kris has begun a campaign to free Botany ' s settlers by raising a rebellion among her people against their parasitic oppressors. Aided by her Catteni lover, Zainal, Kris and the colonists manage to steal warships—and discover dissidents on other Eosi-controlled worlds. If all of the subjugated races join forces, they will have an army large enough to win their freedom and their worlds. The war of liberation has begun.

In the follow-up to her #1 bestselling memoir, *A Stolen Life*, Jaycee Dugard tells the story of her first experiences after years in captivity: the joys that accompanied her newfound freedom and the challenges of adjusting to life on her own. When Jaycee Dugard was eleven years old, she was abducted from a school bus stop within sight of her home in South Lake Tahoe, California. She was missing for more than eighteen years, held captive by Philip and Nancy Garrido, and gave birth to two daughters during her imprisonment. In *A Stolen Life* Jaycee told the story of her life from her abduction in 1981 through her reappearance in 2009. *Freedom: My Book of Firsts* is about everything that happened next. " How do you rebuild a life? " Jaycee asks. In these pages, she describes the life she never thought she would live to see: from her first sight of her mother to her first time meeting her grownup sister, her first trip to the dentist to her daughters ' first day of school, her first taste of champagne to her first hangover, her first time behind the wheel to her first speeding ticket, and her first dance at a friend ' s wedding to her first thoughts about the possibility of a future relationship. This raw and inspiring book will remind you that there is, as Jaycee writes, " a life after something tragic happens... Somehow, I still believe that we each hold the key to our own happiness and you have to grab it where you can in whatever form it might take. " *Freedom* is an awe-inspiring memoir about the power we all hold within ourselves.

The book that inspired the major new motion picture *Mandela: Long Walk to Freedom*. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antipartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. **LONG WALK TO FREEDOM** is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life—an epic of struggle, setback, renewed hope, and ultimate triumph.

Evelyn Summers is imprisoned for a crime that was wiped from her memory. In order for Evelyn to be released, she—along with other " reformed " prisoners—must pass seven mental, physical, and virtual challenges known as the Freedom Trials. One mistake means execution and, with her history of being a snitch, her fellow inmates will do everything they can to get revenge. When new prisoner Alex Martinez arrives, armed with secrets about Evelyn ' s missing memories, she must make a choice. She can follow the rules to win and walk free, or covertly uncover details of the crime that sent her there. But competing in the trials and dredging up her erased past may cost Evelyn the one thing more valuable than freedom: her life.

A gripping and emotional story, *No Paved Road To Freedom* humanizes the impact of communist occupation in Romania after World War II. It is relevant, it inspires, and it reminds us that freedom is precious. Based on a true story, it documents the extraordinary courage of Cornel Dolana and his family as they pay an incredible price for resisting communism. Cornel makes up his mind to escape the oppression and uses his ingenuity to put his plan in place. His fortitude keeps him moving toward his goal, despite enduring enormous setbacks, brutality, and extreme outdoor elements that few humans could survive. How do we evaluate ambiguous concepts such as wellbeing, freedom, and social justice? How do we develop policies that offer everyone the best chance to achieve what they want from life? The capability approach, a theoretical framework pioneered by the philosopher and economist Amartya Sen in the 1980s, has become an increasingly influential way to think about these issues. Wellbeing, Freedom and Social Justice: The Capability Approach Re-Examined is both an introduction to the capability approach and a thorough evaluation of the challenges and disputes that have engrossed the scholars who have developed it. Ingrid Robeyns offers her own illuminating and rigorously interdisciplinary interpretation, arguing that by appreciating the distinction between the general capability approach and more specific capability theories or applications we can create a powerful and flexible tool for use in a variety of academic disciplines and fields of policymaking. This book provides an original and comprehensive account that will appeal to scholars of the capability approach, new readers looking for an interdisciplinary introduction, and those interested in theories of justice, human rights, basic needs, and the human development approach.
