~~Evolution Theory of the Hunter Chapter 32 | Free Light Novel~~

The gene-centered view of evolution is a synthesis of the theory of evolution by natural selection, the particulate inheritance theory, and the non-transmission of

Online Library

Chapter 32

acquired characters. [6]

[7] It states that those alleles whose phenotypic effects successfully promote their own propagation will be favorably selected relative to their competitor alleles within the population.

~~Gene-centered view of evolution - Wikipedia~~

This chapter looks at

Online Library

Chapter 32

how science works in the context of our overall understanding of how biological evolution occurred. It begins, however, by discussing another scientific development that challenged long-held understandings and beliefs: the discovery of heliocentrism.
