Seventh-grader Molly has always been an outsider, even at New York City's elite Metropolitan Institute of Science and Technology, but that changes when she is recruited to join the Omegas, a secret group that polices and protects zombies.

A tween takes on undead New Yorkers in this paranormal action-adventure that "breathes new life into the zombie genre" (Suzanne Collins, author of *The Hunger Games*). Most kids have enough to deal with between school, homework, extracurricular activities, and friends, but Molly Bigelow isn't your typical tween. By day, Molly attends MIST—the Metropolitan Institute of Science and Technology—but it's what she's learning outside of school that sets her apart from her classmates. Molly is a zombie hunter, just like her mother. This, however, is news to Molly. Now she must come to terms with not only the idea that zombies exist, but also that they're everywhere, and it's her job to help police them and keep the peace. Sure, she'd like to be a regular kid, but "regular" just isn't possible when it turns out the most revered (or feared, depending on your perspective) zombie hunter in the history of New York City is your mother. It seems Molly's got some legendary footsteps to follow...

Seventh-grader Molly has always been an outsider, even at New York City's elite Metropolitan Institute of Science and Technology, but that changes when she is recruited to join the Omegas, a secret group that polices and protects zombies.

While helping the Omega team track down down the identity of the original thirteen zombies in New York City, Molly tries to keep her mother's secret and uncovers a sinister plan of the undead.

Molly's up against the undead—and the fate of Manhattan is in her hands—in the third and final book of the *Dead City* trilogy, which *Hunger Games* author Suzanne Collins says "breathes new life into the zombie genre." Molly and the Omegas fight to contain the storm unleashed by Operation Blue Moon. As they do, Molly's personal life is thrown into turmoil when she discovers that one of her closest friends has joined the ranks of the undead, a development that threatens the Omegas as well as Molly's relationship with her mother. As Molly and her friends battle the Dead Squad (a special NYPD task force made up entirely of zombies), they discover that the world's largest gold reserve is kept in a vault eighty feet below the Federal Reserve Bank of New York. They find a photograph of the vault's construction in the 1920s and realize that the construction crew was led by none other than the leader of the undead, Marek Blackwell. Could this explain the source of all his money? And if so, what is he planning to do with it? Is he rebuilding *Dead City*...or is he building an undead army?

Discover the truth about who really lives above and below New York City with the entire *Dead City* trilogy—now available in a collectible boxed set! I hate zombies. I know that sounds prejudiced and I'm sure some are probably nice to kittens and love their parents. But it's been my experience that these are the exceptions to the rule. Meet Molly Bigelow. She's part of an elite team, OMEGA, whose job is to protect the living—and the almost living—who share the island of Manhattan. In *Dead City*, Molly is recruited to become a zombie hunter just like her mother. She must come to terms with the idea that zombies exist, and that it's her job to help police them and keep the peace. At the same time, Molly just wants to be a regular kid. But can she figure out how to do that when her mother was the most feared—or most revered—zombie hunter in the history of New York City? In *Blue Moon*, Molly's efforts to help her Omega team track down the identity of the original thirteen zombies takes her from the Macy's Thanksgiving Day parade to New Year's Eve in Times Square. Her loyalties to friends and family, and her life, are about to be tested in ways she'd never imagine. In *Dark Days*, Molly and the Omegas fight to contain the storm unleashed by Operation Blue Moon. As they do, Molly's personal life is thrown into turmoil when she discovers that one of her closest friends has joined the ranks of the undead, a development that threatens the Omegas as well as Molly's relationship with her mother.

In this third installment in the *New York Times* bestselling series from Edgar Award winner James Ponti, the young group of spies help a fellow agent in another international adventure perfect for fans of *Spy School* and *Mrs. Smith's Spy School for Girls*. After taking down a mole within their organization, the City Spies are ready for their next mission—once again using their unique skills and ability to infiltrate places adults can't. The sinister Umbra has their sights set on recruiting a North Korean nuclear physicist by any means necessary, and the City Spies plan to keep an eye on his son by sending Paris to the chess prodigy's tournaments in Moscow and Beijing. Meanwhile, Sydney's embedded as a junior reporter for a teen lifestyle site as she follows the daughter of a British billionaire on tour with the biggest act on her father's music label to uncover what links both the band and the billionaire have to a recent threat from an old Soviet missile base. From a daring break-in at one of London's most exclusive homes to a dangerous undercover mission to a desperate search and rescue operation on the streets of Beijing, the City Spies have their work cut out for them on their most dangerous mission yet.

Get to know the only kid on the FBI Director's speed dial and several international criminals' most wanted lists all because of his *Theory of All Small Things* in this hilarious start to a brand-new middle grade mystery series. So you're only halfway through your homework and the Director of the FBI keeps texting you for help...What do you do? Save your grade? Or save

the country? If you're Florian Bates, you figure out a way to do both. Florian is twelve years old and has just moved to Washington. He's learning his way around using TOAST, which stands for the Theory of All Small Things. It's a technique he invented to solve life's little mysteries such as: where to sit on the on the first day of school, or which Chinese restaurant has the best eggrolls. But when he teaches it to his new friend Margaret, they uncover a mystery that isn't little. In fact, it's HUGE, and it involves the National Gallery, the FBI, and a notorious crime syndicate known as EEL. Can Florian decipher the clues and finish his homework in time to help the FBI solve the case? Kirkus Reviews praised the "solid, realistic friendship bolstered by snappy dialogue," and School Library Journal said "mystery buffs and fans of Anthony Horowitz's Alex Rider series are in for a treat."

In this second installment in the New York Times bestselling series from Edgar Award winner James Ponti, the young group of spies returns for another international adventure perfect for fans of Spy School and Mrs. Smith's Spy School for Girls. After thwarting a notorious villain at an eco-summit in Paris, the City Spies are gearing up for their next mission. Operating out of a base in Scotland, this secret team of young agents working for the British Secret Intelligence Service's MI6 division have honed their unique skills, such as sleight of hand, breaking and entering, observation, and explosives. All of these allow them to go places in the world of espionage where adults can't. Fourteen-year-old Sydney is a surfer and a rebel from Bondi Beach, Australia. She's also a field ops specialist for the City Spies. Sydney is excited to learn that she'll be going undercover on the marine research vessel the Sylvania Earle. But things don't go exactly as planned, and while Sydney does find herself in the spotlight, it's not in the way she was hoping. Meanwhile, there's been some new intel regarding a potential mole within the organization, offering the spies a lead that takes them to San Francisco, California. But as they investigate a spy who died at the Botanical Gardens, they discover that they are also being investigated. And soon, they're caught up in an exciting adventure filled with rogue missions and double agents! This mission is hot! The City Spies are a go!
