In this compelling and highly reliable study of the Druids, respected Celtic scholar Peter Berresford Ellis sifts through the historical evidence and, with reference to the latest archaeological and etymological findings, gives the first authentic account of who the mysterious Druids were and what role they played in Celtic society. The Druids emerge as the intellectual caste of ancient Celtic society. They were the doctors, the lawyers, the ambassadors, the advisers to kings. They also had a religious function. Ellis describes the special Druidic training, their philosophy, their belief in auguries, and their intriguing origins. He also shows that the current "New Age" image of the Druids as benevolent wizards comes from a woefully inadequate interpretation of the facts.

Early in the first century B.C. a Greek philosopher named Posidonius began an ambitious and dangerous journey into the little-known lands of the Celts. A man of great intellectual curiosity and considerable daring, Posidonius traveled from his home on the island of Rhodes to Rome, the capital of the expanding empire that had begun to dominate the Mediterranean. From there Posidonius planned to investigate for himself the mysterious Celts, reputed to be cannibals and savages. His journey would be one of the great adventures of the ancient world. Posidonius journeyed deep into the heart of the Celtic lands in Gaul. There he discovered that the Celts were not barbarians but a sophisticated people who studied the stars, composed beautiful poetry, and venerated a priestly caste known as the Druids. Celtic warriors painted their bodies, wore pants, and decapitated their foes. Posidonius was amazed at the Celtic women, who enjoyed greater freedoms than the women of Rome, and was astonished to discover that women could even become Druids. Posidonius returned home and wrote a book about his travels among the Celts, which became one of the most popular books of ancient times. His work influenced Julius Caesar, who would eventually conquer the people of Gaul and bring the Celts into the Roman Empire, ending forever their ancient way of life. Thanks to Posidonius, who could not have known that he was recording a way of life soon to disappear, we have an objective, eyewitness account of the lives and customs of the ancient Celts.

Taken in by the chief druid of the Carnutes in Gaul, the Celt orphan Ainvar learns to master the druid mysteries of thought, healing, and magic, and discovers his destiny lies with Vercingetorix, the warrior king. Reprint. 25,000 first printing.

The Druids have been known and discussed for over 2,000 years; few figures flit so elusively through history. Enigmatic and puzzling, the lack of knowledge about them has resulted in a wide spectrum of interpretations. Barry Cunliffe examines their origins, the evidence for their beliefs and practices, and how we interpret them today.

A book that is difficult to classify - a popular introduction to the history of Druidism whose scope necessitates a brief study, yet it is thoroughly up-to-date incorporating new ideas and research. Ten chapters look at the archaeology of the druids, celtic practices, the classical literature, sacrifices, prophecy, female druids in celtic society, sacred places and priests, druids in Irish mythology, the 18th and 19th century revivals, and modern beliefs. The bibliography is accompanied by a directory of modern druid organizations.

The acclaimed author of *Witches, Druids, and King Arthur* presents a " lucid, open-minded " cultural history of the Druids as part of British identity (Terry Jones). Crushed by the Romans in the first century A.D., the ancient Druids of Britain left almost no reliable evidence behind. Historian Ronald Hutton shows how this lack of definite information has allowed succeeding British generations to reimagine, reinterpret, and reinvent the Druids. Hutton ' s captivating book is the first to encompass two thousand years of Druid history and to explore the evolution of English, Scottish, and Welsh attitudes toward the forever ambiguous figures of the ancient Celtic world. Druids have been remembered at different times as patriots, scientists, philosophers, or priests. Sometimes portrayed as corrupt, bloodthirsty, or ignorant, they were also seen as fomenters of rebellion. Hutton charts how the Druids have been written in and out of history, archaeology, and the public consciousness for some 500 years, with particular focus on the romantic period, when Druids completely dominated notions of British prehistory. Sparkling with legends and images, filled with new perspectives on ancient and modern times, this fascinating cultural study reveals Druids as catalysts in British history.

## Read Book Druids

Perhaps the most mystical, magical people ever known were the Druids. They were wizards, storytellers, teachers and spiritual leaders. They were attuned to the Earth and the Sun. Try something new to bring that spark back into your life. Discover the secrets of Druid Magic. Winner of the 2001 Coalition of Visionary Resources (COVR) Award for best Magic Book

An exploration into the beliefs and origins of the Druids, this book examines the role the Druids may have played in the story of King Arthur and the founding of Britain. It explains how the Druids originated in eastern Europe around 850 B.C., bringing to early Britain a cult of an underworld deity, a belief in reincarnation, and a keen interest in astronomy. The work concludes that Arthur was originally a Druid cult figure and that the descendants of the Druids may have founded the Anglo-Saxon kingdom of Wessex. The research draws upon a number of sources, including medieval Welsh tales, the archaeology of Stonehenge 's Salisbury Plain, the legends surrounding the founding of Britain, the cult of the Thracian Horseman, the oracle of Dodona, popular Arthurian mythology, and the basic principles of prehistoric astronomy.

In this beautifully-written guide, Chief Druid Philip Carr-Gomm shows how the way of Druids can be followed today. He explains the ancient history and inspiring beliefs of the ancient Druids; Druidic wild wisdom and their tree-, animal-, and herb-lore; the mysteries of the Druids' seasonal celebrations; their use of magic; and how their spirituality relates to paths such as Wicca. This guide shows how the wild wisdom of the Druids can help us to connect with our spirituality, our innate creativity, the natural world, and our sense of ancestry.
