A Mexican American girl recounts how her mother moved the family to America during the Mexican Revolution.

Every master was once a student - every woman was once a child ... What makes a person forget their entire identity? What makes them become someone else? What makes them desire pain ... control ... and ultimately pleasure? It's not anything that happens overnight, over even in a few weeks. Tragedy beyond what a human can possibly imagine will forever alter Mary's future. Mary's life is boring, conservative and typical. She wants adventure, thrills and so much more. But she will soon learn to be careful what to wish for when she's taken against her will and thrust into the twisted world of a powerful man who doesn't care if she lives or dies. When Mary starts becoming Elena, she does find a savior, but is he truly the person who will protect her, or will he be the one to escort her straight into the pits of hell? Forgetting who she is or where she belongs, she learns she can trust no one, rely on only herself, and fall further than she ever thought possible. She will become someone else and the cycle will begin. She will become the person who will eventually change the life of so many others. Some might say the change is good, the violence is necessary. And some will cry for this tragedy that should have been stopped. Just when you think you know how it all came about, how it will end, you will be floored again by who can be trusted ... and who can't. Note from the author: This book isn't anything like what I've written before. I had a dream, the opening scene of this book, actually. And I woke up and lay there for a while, and still couldn't push it away, so I got up, wrote the first chapter. Then I lay back down and was back out of bed within fifteen minutes, where I gave up on sleep and sat at my computer all night and all the next day until my eyes wouldn't stay open anymore. Then for the next week, all I did was eat and sleep (minimally) and the first draft was born. I was so emotionally drained from it, I put it away for a month, and then came back to it and went back into the world of Elena. My question was, what makes someone enter into a lifestyle of BDSM? What makes them enjoy pain? Enjoy being degraded? Then I realized, it's not a matter of enjoyment necessarily. It's a matter of your world spinning out of control. And this is a way to ground yourself. Elena has become so special to me. The first book is tragic and I cried several times while writing it. The second book, she starts to find herself, and in the third book ... well, the third book leaves your mouth hanging open. I hope you enjoy this journey with me. It's been an emotional one. This book is intended for mature audiences only. There are explicit scenes of abuse, language and questionable sexual situations. Eighteen and older only. This story is about a woman so abused she turns into a person most wouldn't even fathom becoming.

A personal trip turns perilous for Elena Standish after the murder of a British spy forces her to face dark family secrets in this exciting 1930s mystery by bestselling author Anne Perry. On her first trip to Washington, D.C., Elena Standish finally gets to visit her American mother's wealthy parents and their magnificent home. Elena's grandparents are marking a milestone anniversary by throwing an elaborate party with the influential friends of her

grandfather, a prominent political industrialist. Even President and First Lady Franklin and Eleanor Roosevelt are there, and Elena takes pride in capturing the illustrious guests on camera. But the festivities come to a sudden and tragic end when one of the guests, Lila Worth, is run over by a car in the driveway outside. Elena believes Lila was trying to tell her something before her death, and when a call from her employer back home, MI6, confirms that Lila was a British spy, Elena pairs with a fellow agent to find out what vital information the young woman had in her possession. Soon an arrest is made in Lila's murder, and to Elena's horror, the accused is none other than her own grandfather, who claims his political enemies are trying to frame him. But who are these enemies, and how can Elena defend this man she barely knows? Nevertheless, determined to clear his name and save her family from disgrace, she delves into the details of her grandfather's investments and discovers that his business secrets run deep. As Elena begins to question his loyalties, she wonders if she can trust anyone in this threatening new world order.

A brother recalls the magnificent life of his sister, the greatest writer of her age. A launch party is underway for a hotly anticipated biography, the life story of Elena Franklin. As a young woman, Elena was one of the most promising literary talents of the 1920s, and over the years her legend grew. Her biographer, Martha Farrell, has combed through all the evidence of Elena's genius and passion, from her early years in New York to her expatriate life in Paris. The result is a monumental work – but among the party's crowd is the man who knows the book is an empty shell. Only William, Elena's brother, knew the truth about the famed author. Martha's flawed biography spurs his memory, and he recalls how the temperamental baby grew into a legend. He knew Elena's hidden pain, shared their family secrets, and draws his own portrait of the troubled soul that lay behind her artistic gifts.

Elena - the bar girl who became an empress and transformed an empire

HISTORY - or should it be HERstory? As is the case in some societies today, for the first 300 years of the Roman Empire, women were the possessions of men. Many women resisted, some dying horribly rather than obeying orders to marry men chosen for them. HISTORY barely mentions them. Another example of HISTORY is the conversion of the Roman Empire from pagan to Christian by Constantine the Great. He issued the decrees. But: - his early coins have the Unvanquished Sun as their religious symbol, - his victory arch in Rome bears pagan symbols.. - he was ruthless in destroying opponents. - he had his first born son executed, - he had his wife murdered in her bath. - he was not baptised until his death-bed. His mother Elena nurtured him through the turmoils and dangers of the time and became an important figure at court. She founded churches around the empire and gained a reputation as a holy person. She is regarded by the eastern church as equal to the apostles. The HERstory of Elena tells of her life from bar girl to empress through the perils of the late empire and its savage religious persecutions. It relates her role in the martyrdom of St George, the dramatic escape of Constantine from hostage of the pagan Galerius and her hand in guiding her son to his conquest of Rome.

Dolores Attias was born in Cuba and moved to the USA the year Castro took over. She moved to Florida where she learned English while writing her first book, Maite. She is an outstanding Spanish teacher and taught that language at Clearwater High School and at St. Jerome Catholic School. In 2006 she published DANCING WITH ALZHEIMER'S, a memoir about her experiences with Mrs. Bromley, an eccentric British dancer. She loves classic movies and owns a considerable collection. She lives with her family in Burnsville, Minnesota. Maria Elena, a young woman coming of age in an abusive home in Cuba, dreams

of emancipation. She sees marrying Rodolfo, several years her senior, as her only means of escape from her unhappy home. Rodolfo wants a young moldable wife to fulfill his needs and please his mother with a grandchild. He lures Elena into beginning their married life in the border house owned by his controlling mother. Reluctantly Elena accepts, only to be caught in the claws of a macho husband and a web of lies. Under pressure Elena is unable to conceive. Her life becomes unbearable, so she flees to New York. In that uninhibited land she learn English, pursues her independence, and frees herself completely. When true love finds her at last, under dubious circumstances, she finds herself torn between loyalty and happiness.

Elena Ferrante—named one of the 100 most influential people in 2016 by Time magazine—is best known for her Neapolitan novels, which explore such themes as the complexity of female friendship; the joys and constraints of motherhood; the impact of changing gender roles; the pervasiveness of male violence; the struggle for upward mobility; and the impact of the feminist movement. Ferrante's three novellas encompass similar themes, focusing on moments of extreme tension in women's lives. This study analyzes the integration of political themes and feminist theory in Ferrante's works, including men's entrapment in a sexist script written for them from time immemorial. Her decision to write under a pseudonym is examined, along with speculation that Rome-based translator Anita Raja and her husband Domenico Starnone are coauthors of Ferrante's books.

After Rita is found dead in a church she used to attend, the official investigation into the incident is quickly closed. Her sickly mother is the only person still determined to find the culprit. Chronicling a difficult journey across the suburbs of the city, an old debt and a revealing conversation, *Elena Knows* unravels the secrets of its characters and the hidden facets of authoritarianism and hypocrisy in our society.

Elena Ferrante as World Literature is the first English-language monograph on Italian writer Elena Ferrante, whose four Neapolitan Novels (2011-2014) became a global phenomenon. The book proposes that Ferrante constructs a theory of feminine experience which serves as the scaffolding for her own literary practice. Drawing on the writer's entire textual corpus to date, Stiliana Milkova examines the linguistic, psychical, and corporeal-spatial realities that constitute the female subjects Ferrante has theorized. At stake in Ferrante's theory/practice is the articulation of a feminine subjectivity that emerges from the structures of patriarchal oppression and that resists, bypasses, or subverts these very structures. Milkova's inquiry proceeds from Ferrante's theory of *frantumaglia* and *smarginatura* to explore mechanisms for controlling and containing the female body and mind, forms of female authorship and creativity, and corporeal negotiations of urban topography and patriarchal space. *Elena Ferrante as World Literature* sets forth an interdisciplinary framework for understanding Ferrante's texts and offers an account of her literary and cultural significance today.

In a fractured Britain, the Genetic Enhancement Ministry have taken control. Parents buy designer babies and those with genetic faults are labelled Blemished and shunned from society. Elena Darcey is just as perfect as the other clones, but there is something different about Elena, because she's in trouble. After helping Area 14's most famous criminals escape, Elena has to get out before her teacher-- the formidable Margaret Murgatroyd --finds out that she is a sympathiser for the Blemished. The perfect opportunity arises as a beauty pageant promises the winner a trip to London. Will Elena cope with the cut-throat world of a beauty pageant filled with sabotage, violence and betrayal? If she makes it to London, will she find the safe haven she craves? Does she discover more than she'd expected after
