The ESAB Caddy Mig welder C160i is an easy-to-use, powerful machine for MIG welding of mild steels. It is extremely portable, due to its lightweight, durable and impact-resistant housing that weighs only 11.4 kg. Furthermore, it runs off 240V single-phase mains electricity, ensuring that power is never hard to find.

~~Esab Caddy Mig Welder C160i – Wellington Welding~~
Caddy® Mig C160i is used for MIG/MAG welding of mild steels for repair, maintenance and assembly work. This easy to use and powerful unit offers excellent welding properties and is easy to take along to the job at hand. Great if you are welding in the workshop or on the move.
