Human Communication: The Basic Course surveys the broad field of human communication, giving attention to theory, research, and skill development. This Twelfth Edition provides an in-depth look at the concepts and principles of human communication, emphasizing public speaking, interpersonal communication, and small group communication. Designed to allow flexibility in teaching approaches, Human Communication: The Basic Course offers instructors a wide range of topics to discuss and apply to real-world experiences.

Read Book Essentials Of Human Communication 7th Edition Devito

This book introduces the essential skills and applications of interpersonal, small group, and public speaking communication. Built around five major themes (skills development, intercultural perspectives, critical thinking, ethical issues, and self-empowerment), the new edition provides increased coverage of ethics in communication.

Real Communication uses stories from real people and the world around us to present the best and most lively introduction to communication concepts. Professors and students alike have fallen in love with Real Communication's down-to-earth writing style, its coverage of research, and its wealth of learning and teaching tools. They also appreciate how Real Communication strives to weave the discipline's different strands together with the CONNECT feature that shows students how concepts work and apply across interpersonal, small group, and public speaking contexts. The Second Edition is even better with a broader array of engaging examples, new coverage of hot topics in the field like Intercultural and mediated communication, plus a public speaking unit honed to provide the essential information students need for this fast-paced course. Whether you want a traditional paperback, an e-Book — online or downloadable to a device — a looseleaf edition, or the book within the new HumanCommClass, Real Communication has an option for you. Read the preface.

This is no ordinary textbook. With its revamped design, highly visual features, and concise coverage, the second edition of Essential Communication is a practical, interactive guide for students. Exercises and self-quizzes help students reflect on their own communication patterns and improve their skills. Focused on the fundamentals, every element of this text helps students become better communicators online, in person, at home, and at work.

More than ever before, nurses need highly developed skills in order to communicate sensitively and collaboratively, across a wide range of media, with patients, clients, and colleagues from a variety of backgrounds. Supporting students and practitioners in developing a patient-centred and therapeutic framework for communication, the new edition of Communication Skills for Nursing Practice takes a practical and hands-on approach to communication theory. This accessible introduction features research from a wide range of healthcare contexts, and provides exercises and action plans to help nurses integrate psychological and healthcare communication theory into their day-to-day professional practice. Fully revised and updated, with new material on diversity, continuing professional development, and email and telephone communication skills, this is an essential guide to one of the most fundamental skills in the caring professions.

Read Book Essentials Of Human Communication 7th Edition Devito

Every day we communicate in our professional and personal lives to initiate or improve relationships, get what we want, function in teams, and learn new things. The success of these interactions depends on the ability to be effective in conveying messages. The Fourth Edition of this widely used text presents indispensable skills to encode and decode messages, guiding readers to develop their own communication style. Retaining its concise yet comprehensive coverage, the latest edition explores digital-age communication techniques and includes sections on communication privacy management theory and affection exchange theory. Oral Communication, 4/E presents a wide range of introductory topics in an affordable, straightforward, and fun format. Each chapter opens with clear learning objectives and ends with key terms and discussion questions. Interactive exercises throughout the book engage readers as they are asked to reflect on previous experiences, experiment with tools provided to them in the text, react to hypothetical scenarios, and think critically. Readers will benefit from professional sidebars that illustrate how academic concepts fit into the careers they will soon enter.

Updated in its 13th edition, Joseph Devito's The Interpersonal Communication Book provides a highly interactive presentation of the theory, research, and skills of interpersonal communication with integrated discussions of diversity, ethics, workplace issues, face-to-face and computer-mediated communication and a new focus on the concept of choice in communication. This thirteenth edition presents a

Read Book Essentials Of Human Communication 7th Edition Devito

comprehensive view of the theory and research in interpersonal communication and, at the same time, guides readers to improve a wide range of interpersonal skills. The text emphasizes how to choose among those skills and make effective communication choices in a variety of personal, social, and workplace relationships
