Since unification in 1860, Italy has remained bitterly divided between the rich North and the underdeveloped South. This book examines the historical, literary, and cultural contexts that have informed and inflamed the debate on the Southern Question for over a century. It brings together analysis of cinema, literature, and newspaper archives to reconsider the myths and stereotypes that both Northerners and Southerners deploy in their narratives. Salvatore DiMaria offers a masterful assessment of the entangled issues that have produced the South ' s image as impoverished and backwards, such as organized crime, illiteracy, and mass emigration. Documenting the state ' s largely failed efforts to bring the South into its socio-economic fold, DiMaria also points to the future, arguing that the European Union and globalization are transformative forces that may finally produce a unified Italy.

(Book Jacket Status: Jacketed) Giorgio Bassani's acclaimed novel of unrequited love and the plight of the Italian Jews on the brink of World War II has become a classic of modern Italian literature. Made into an Academy Award--winning film in 1970, "The Garden of the Finzi--Continis "is a richly evocative and nostalgic depiction of prewar Italy. The narrator, a young middle-class Jew in the Italian city of Ferrara, has long been fascinated from afar by the Finzi-Continis, a wealthy and aristocratic Jewish family, and especially by their daughter Micol. But it is not until 1938 that he is invited behind the walls of their lavish estate, as local Jews begin to gather there to avoid the racial laws of the Fascists, and the garden of the Finzi-Continis becomes an idyllic sanctuary in an increasingly brutal world. Years after the war, the narrator returns in memory to his doomed relationship with the lovely Micol, and to the predicament that faced all the Ferrarese Jews, in this unforgettably wrenching portrait of a community about to be destroyed by the world outside the garden walls.

This title is available in a new edition Success is in the balance.In the Second Canadian Edition of Psychology, John Santrock and John Mitterer present the perfect balance of big ideas vs. supporting detail, breadth vs. depth, and research vs. application, all framed by a pedagogical system that effectively guides the student through the key concepts of psychology. New learning goals launch each chapter and serve as the organizing mechanism for the text and supporting materials, focusing students' attention on the big ideas of psychology. Rich applications and current research from Canada, the United States, and other countries support the big ideas so that students emerge with an understanding of the key concepts, not a collection of details. Santrock and Mitterer provide both you and your students with the balance you need to succeed!

This exciting adventure story follows a family of slaves in the USA in 1860 as they escape from a cotton plantation via the legendary Underground Railroad. An enthralling story of courage and resilience, centring on 10-year-old Tommy, it will fascinate children who might not know much about this secret escape route into Canada that was used by as many as 100,000 people. Ten-year-old Tommy roams the cotton fields of Alabama owned by the notorious Captain Archer. Intimidating guards with fierce dogs protect the land to prevent any slaves from leaving. That is until a supernatural spirit visits Tommy offering a way out. With his banjo slung over his shoulder, Peg Leg Joe guides Tommy, his family and other slaves out of Southern USA, and into Canada through the legendary Underground Railroads. Stretched for miles across the country's vastness, the network famously facilitated more than 100,000 slaves to a new life. For Tommy and his family, the escape is far from an easy ride. The young boy is forced to mature through this testing period and allow his strong will to guide himself and others to safety under the guidance of Peg Leg Joe. Set in the 19th century, D'Adamo's well-constructed novel tells a story distant in time, remains grounded in a reality that still exists today. Millions of people across the globe continue to be enslaved, including children.

Different peoples' lives are based around different things, ours is based around music. At our core is a sound system. It feeds us, nourishes our talents, it dictates our movements, brings adventure and keeps us together. At first there was one, now they are multiplying and the tribes that establish each are becoming stronger and wiser. We want freedom from static society. Freedom to create our own societies with our own rules. We are not rebelling against, so much as living outside the system. Free music to anyone that wants it is what we give and we need nothing back but space to roam. Tribal beats have surrounded our planet for thousands of years. Technology is our addition to this continual rhythm. Age is no concern, background irrelevant. We exist now and in the future. Welcome to our way of living...
