McCaffrey (In Search of Ancient Ireland) has penned a "quick," partisan (from the Catholic viewpoint) version of Irish history. The arrival of the English in the 12th century is duly noted and the long melancholy march to the modern age is marked by jumps from King Dermot MacMurrough to Oliver Cromwell, the potato famine and the political turbulence of the late 19th century.

The truth is more interesting. The Irish, as the authors show, are not even Celtic in an archaeological sense. And there were plenty of bishops in Ireland before a British missionary called Patrick arrived. But In Search of Ancient Ireland is not simply the story of events from long ago. Across Ireland today are festivals, places, and folk customs that provide a tangible link to events thousands of years past.

The Irish diaspora consists of Irish emigrants and their descendants in countries such as the United States, Great Britain, Canada, Australia, New Zealand, South Africa, and nations of the Caribbean such as Jamaica and Barbados. These countries all have large minorities of Irish descent, who in addition form the core of the Catholic Church in those countries.
