Jackie Robinson John Keene - news.indianservers.com
In the memorial service held at St. Mary's College for Lucille Clifton two weeks ago, I learned that she had three special heroes: Martin Luther King, Muhammad Ali, and Jackie Robinson. Robinson, of course, was the African American player who broke the baseball color line in 1947, which he did with a combination of grace and talent.

Jackie Robinson And The American Dream by John Bergez
The aim of the game was to highlight the progress the league has made since Jackie Robinson integrated it in 1947, and to call attention to the precipitous drop in African-American players, who once constituted some of its biggest stars and nearly 1/4th of its players, but who now are a diminishing presence on most clubs, with some, like Houston, having not even one African-American starting ...

Standing at the crossroads of American literature and the current African American renaissance, *Giant Steps* presents a vibrant and wonderfully diverse collection of young black writing. Through generous selections of award-winning poetry, fiction, and nonfiction by writers born after 1960, this groundbreaking anthology welcomes readers into the future of African American writing. Taking its spirit and title from the John Coltrane composition released in 1960, *Giant Steps* offers an extraordinary window into post-civil rights literature. From Edwidge Danticat and Colson Whitehead to Rebecca Walker and Hilton Als, these authors are not "emerging" but have already arrived. They are National Book Award finalists and winners of the National Poetry Series and the Pushcart Prize. They have been featured in *The New Yorker*, *Time*, and *Newsweek* as our brightest stars; they have been heard through National Public Radio, Rhino Records, and Oprah's Book Club. Previously unpublished works by Danzy Senna, Philippe Wamba, and Elizabeth Alexander run alongside contemporary classics. They are popular and prophetic, literary and experimental. Together with a useful bibliography of current writing and a discography of influential music from soul to jazz to hip-hop, *Giant Steps* celebrates the complexities of race while paying tribute to the personal and collective histories that are forging this new generation. The

writers found in Giant Steps are not "emerging" but have already arrived. From Best American Poetry and O. Henry Award winners to National Book Award finalists and Oprah's Book Club members, the thirty-five authors selected here are some of the best and the brightest writing today. The book features the full diversity of the African American experience, discussing everything from slavery to sexuality, growing up poor, gay, biracial, or all three. There are stories about the American Revolution, slave insurrections, and the year 1979; there are poems about loss and Sam Cooke; essays about sharecropping and the New South. New and unpublished writing by Danzy Senna, Colson Whitehead, and Darieck Scott is collected alongside work by such favorites as Edwidge Danticat, Kevin Powell, Hilton Als, and Randall Keenan. The writers in Giant Steps are at the heart of what's happening in contemporary culture, and this anthology welcomes readers to the future and powerful present of African American writing.

present of African American writing.

Winner of the Sillerman First Book Prize for African Poetry, The Rinehart Frames questions the boundaries of diaspora and narrative through a tethering of voices and forms that infringe upon monolithic categorizations of Blackness and what can be intersected with it.

A landmark collection of poetry by acclaimed fiction writer, translator, and MacArthur Fellow John Keene, *PUNKS: NEW & SELECTED POEMS* is a generous treasury in seven sections that spans decades and includes previously unpublished and brand new work. With depth and breadth, *PUNKS* weaves together historic narratives of loss, lust, and love. The many voices that emerge in these poems--from historic Black personalities, both familial and famous, to the poet's friends and lovers in gay bars and bedrooms--form a cast of characters capable of addressing desire, oppression, AIDS, and grief through sorrowful songs that "we sing as hard as we live." At home in countless poetic forms, *PUNKS* reconfirms John Keene as one of the most important voices in contemporary poetry. "John Keene's *PUNKS* is utterly brilliant. The range, vision, depth and humanity he brings to the page are as galactic as Banneker's astral wanderings, as crisp as the chordal cutting of a searching horn, as courageous and small as a nose wide open. Keene's masterfully inventive inquiry of self and history is queered, Blackened, and joyously thick with multitudes of voice and valence. Amen to this exploration!"--Tyehimba Jess Poetry. Now in paperback, a bewitching collection of stories and novellas that are “suspenseful, thought-provoking, mystical, and haunting” (Publishers Weekly) Ranging from the seventeenth century to the present, and crossing multiple continents, *Counternarratives* draws upon memoirs, newspaper accounts, detective stories, and interrogation transcripts to create new and strange perspectives on our past and present. “An Outtake” chronicles an escaped slave’s take on liberty and the American Revolution; “The Strange History of Our Lady of the Sorrows” presents a bizarre series of events that unfold in Haiti and a nineteenth-century Kentucky convent; “The Aeronauts” soars between bustling Philadelphia, still-rustic Washington, and the theater of the U. S. Civil War; “Rivers” portrays a free Jim meeting up decades later with his former raftmate Huckleberry Finn; and in “Acrobatique,” the subject of a famous Edgar Degas painting talks back.

“A wonderful book for all baseball fans: a warm, rich personal story of America in the WWII era, a tale of boyhood, heroes, war, respect and remembrance.” —Noel Hynd, author of *The Final Game at Ebbets Field In 1943*, while the New York Yankees and St. Louis Cardinals were winning pennants and meeting in that year’s World Series, Ted Williams, Johnny Pesky, and Johnny Sain practiced on a skinned-out college field in the heart of North Carolina. They and other past and future stars formed one of the greatest baseball teams of all time. They were among a cadre of fighter-pilot cadets who wore the Cloudbuster Nine baseball jersey at an elite Navy training school at the University of North Carolina at Chapel Hill. As a child, Anne Keene’s father, Jim Raugh, suited up

as the team batboy and mascot. He got to know his baseball heroes personally, watching players hit the road on cramped, tin-can buses, dazzling factory workers, kids, and service members at dozens of games, including a war-bond exhibition with Babe Ruth at Yankee Stadium. Jimmy followed his baseball dreams as a college All-American but was crushed later in life by a failed major-league bid with the Detroit Tigers. He would have carried this story to his grave had Anne not discovered his scrapbook from a Navy school that shaped America's greatest heroes including George H. W. Bush, Gerald Ford, John Glenn, and Paul "Bear" Bryant. Finalist for the CASEY Award for "Best Baseball Book" of 2018 "A terrific piece of research into a forgotten corner of American history?a place where the myths of major league baseball intersect with the myths of the Second World War." —S. C. Gwynne, New York Times—bestselling author

"With *The One Day*, this is his best work, a modest, skeptical, and brave poetry that embodies something essential about this late American century." —Harvard Review This is Donald Hall's most advanced work, extending his poetic reach even beyond his recent volumes. Conflict dominates this book, and conflict unites it. Hall takes poetry as an instrument for revelation, whether in an elegy for a (fictional) contemporary poet, or in the title series of poems, whose form imitates the first book of the *Odes* of Horace. The book's final section, "Extra Innings," moves with poignancy to questions about the end of the game. "A stunning volume of testamentary verse . . . an often perfect American blend of rue and buoyancy, narrative verve and grace." —The New Yorker "Donald Hall is our finest elegist. *The Museum of Clear Ideas* is as original, idiosyncratic, and un-museumlike a poetic work as we are likely to see for a long time to come." —Richard Tillinghast, *The New Criterion* "Hall's poems make 'durable relics' of

late twentieth-century life in much the same way that Byron's Don Juan does for the early nineteenth. The 'clear ideas,' however, are timeless." —Beloit Poetry Journal "These are some of the darkest lines Donald Hall has ever composed. They move through aching poignancy through illness diagnosed, sorrow, and poignant revelation, yet the final chord is not one of despair." —Robert Taylor, Boston Globe "A collection of powerful new poems . . . Hall's voice is more mature and classically spare than ever, offering revelatory glimpses of wisdom." —Publishers Weekly "A brilliantly inventive tour de force . . . A significant and engaging book." —Library Journal
