This list of kings and queens of the Kingdom of England begins with Alfred the Great, who initially ruled Wessex, one of the seven Anglo-Saxon kingdoms which later made up modern England. Alfred styled himself King of the Anglo-Saxons from about 886, and while he was not the first king to claim to rule all of the English, his rule represents the start of the first unbroken line of kings to ...

From the reign of Alfred the Great - the first king of Wessex to call himself 'king of England' - in the 9th century, to the shock of Norman invasion in the 11th, and from the brutal vicissitudes of late medieval kingship to the comfortable ceremonial of modern-day constitutional monarchy, the story of England's kings and queens is to a large degree that of England herself. Kings and Queens of England offers readable profiles of 59 English monarchs from Harold II to Henry VIII, and from Ethelred the Unready to Elizabeth II. Each monarch is elegantly profiled and the impact of their rule on wider English history clearly and concisely described and analysed. For every king and queen there is a detailed timeline, and the narrative is further amplified by display quotations, feature boxes, panels of key biographical facts, and - last but not least - by 135 lavish full-colour images. Ian Crofton recounts a 1000-year tale of murder, invasion, usurpation, adultery, divorce, civil war and revolution in a manner that is as entertaining as it is informative. The Kings and Queens of England is the perfect choice for anyone looking for an illustrated account of the English monarchy from the Anglo-Saxon era to the present.

Examines the history of the British royalty from 1066 to the present, including biographical sketches and tidbits of information on such interesting figures as Lady Jane Grey and Henry VIII.

More than 1,200 years of ruling British monarchs ~~from Alfred the Great (871-899) to Elizabeth II (1952-). Background scenes evoke dramatic highlights of each era. 30 illustrations.~~

Profiles each British monarch, and looks at events, objects, and rituals associated with the British throne

Who was the first king of England? Did Henry I assassinate his brother? How did 'Bloody Mary' reinstate Roman Catholicism? For more than 1,000 years the British monarchy has dramatically shaped national and international history. Kings and queens have conquered territory, imposed religious change and extracted taxation, each with their own motivations and ambitions. In this fascinating book, Cath Senker delves into the extraordinary history of the British monarchy and its host of kings, queens and pretenders. There have been benevolent rulers, violent ones, religious fanatics, brilliant economists, masters of diplomacy and the power hungry. But whether they have abused their power or used it for good, each monarch has played a part in the rich tapestry of British history, coping with both international and civil wars, rebellions and criticism. The Kings & Queens of Britain introduces a thousand-year history, providing rich biographical detail of Britain's remarkable monarchs.

Covers more than 1000 rulers and two millennia of history

The monarchy is one of Britain's longest surviving institutions - as well as one of its most tumultuous and revered. In this masterful book, David Starkey looks at the monarchy as a whole, charting its magnificent history from Roman times, to the Wars of the Roses, the chaos of the Civil War, the fall of Charles I and Cromwell's emergence as Lord Protector - all the way up until the Victorian era when Britain's monarchs came face-to-face with modernity.This brilliant book, in part a collection of biographies of Britain's kings and queens, provides an in-depth examination of what the British monarchy has meant, what it means now and what it will continue to mean. Bringing to life a cast of colourful characters, Starkey's trademark energy and authority make him the perfect guide on this epic, accessible and compelling journey, as he offers us a vivid portrait of British culture, politics and nationhood through an institution that has defined the realm for nearly two thousand years.

"A lavishly illustrated history of the royalty and their families from Saxon times to today." -- Provided by publisher.

A short, lively and informative survey of the forty kings and queens of England, from the heroic to the hopeless and from William the Conqueror to the present. There have been many popular 'stuff you learned at school'-type books, of course, but none that has dealt with the Royal Family in such a sweep and certainly none written with such ~~lan. Gimson's Kings and Queens whirls us through the lives of our monarchs, to tell a tale of bastardy, courage, conquest, brutality, vanity, vulgarity, corruption, anarchy, absenteeism, piety, nobility, divorce, execution, civil war, madness, magnificence, profligacy, frugality, philately, abdication, dutifulness, family breakdown and family recovery. Written in Andrew Gimson's inimitable style, this is both primer and refresher for all those people who can never quite remember which were the good and bad Edwards or Henrys, or the reasons so-and-so succeeded to the throne rather than his second cousin. Published in September 2015, which will mark the moment when Elizabeth II will (barring accident or shock abdication) become the longest-serving English monarch, ever, Gimson's Kings and Queens will be the most entertaining and instructive book on the monarchy you will ever read.~~

Spanning ten dynasties of England's monarchs, The Kings and Queens of England presents portraits and potted biographies of England's monarchs. Spanning from the Normans through to the House of Windsor, this exquisite little book captures the personalities behind the crowns and records the landmarks, traditions and events of each reign.
