Over time that interest became a media sensation and a world-wide phenomenon. However, as her attorney I know that what you saw at trial is only part of the story. Have you ever wondered what happened before the trial began, what it was like to deal with Ms. Arias when the cameras were not rolling? helped nurture the art of photography through his creative innovations and peerless technical mastery. The Camera--the first volume in Adams' celebrated series of books on photographic techniques--has taught generations of photographers how to harness the camera's artistic potential. This time-honored handbook distills the knowledge gained through a lifetime in photography and remains as vital today as when it was first published. Beautifully illustrated with photographs as well as instructive line drawings, this classic manual belongs on every serious photographer's bookshelf. "Adams is a clear-thinking writer whose concepts cannot but help the serious photographer." - New York Times "A master-class kind of guide from an undisputed master." - Publishers Weekly Over 1 million copies sold. Publisher's Note: This ebook of The Camera works best as a digital companion to the print edition.
