Having expanded his summer lawn mowing job into an ever-growing business conglomerate, a twelve-year-old boy gets involved in high finance thanks to his hippie stockbroker, takes on sponsorship of a boxer, and becomes a media sensation.

Things get out of hand for a twelve-year-old boy when a neighbor convinces him to expand his summer lawn mowing business.

Winner of the Alex Award "Mike Muñoz Is a Holden Caulfield for a New Millennium--a '10th-generation peasant with a Mexican last name, raised by a single mom on an Indian reservation' . . . Evison, as in his previous four novels, has a light touch and humorously guides the reader, this time through the minefield that is working-class America." --The New York Times Book Review For Mike Muñoz, life has been a whole lot of waiting for something to happen. Not too many years out of high school and still doing menial work--and just fired from his latest gig as a lawn boy on a landscaping crew--he's smart enough to know that he's got to be the one to shake things up if he's ever going to change his life. But how? He's not qualified for much of anything. He has no particular talents, although he is stellar at handling a lawn mower and wielding clipping shears. But now that career seems to be behind him. So what's next for Mike Muñoz? In this funny, biting, touching, and ultimately inspiring novel, bestselling author Jonathan Evison takes the reader into the heart and mind of a young man determined to achieve the American dream of happiness and prosperity--who just so happens to find himself along the way.

While backpacking in the desert, thirteen-year-old Mark falls into a tube of blue light and is transported into a more primitive world, where he must use his knowledge and skills to survive.

"Lawnboy is, quite simply, the real thing, a novel of mystery and great beauty." -Michael Cunningham They all thought I was good-natured, upright and responsible, generous, affectionate, and kind, and of course I could be those things, but there was much more to me than that, a side that unnerved even myself, and this side included William. Seventeen-year-old Evan's adventure begins with mowing a neighbor's lawn, a summer job that leads him into an unpredictable world of desire and betrayal. Estranged from his parents and his older brother, he moves in with forty-one-year-old William and begins a disastrous series of attempts to make a new home. Must he make a choice between his family and desire? First published to wide acclaim in 1999, Lawnboy by Paul Lisicky wanders the lush and tumultuous landscape of the early 1990s, its south Florida setting as fertile and troubling as Evan's inner life.

Twelve-year-old Henry's grand adventures spell disaster for best chums Riley and Reed, who always seems to land in a pile of "smelly goo."

Because of his success surviving alone in the wilderness for fifty-four days, fifteen-year-old Brian, profoundly changed by his time in the wild, is asked to undergo a similar experience to help scientists learn more about the psychology of survival.
