4.0 out of 5 stars Good CD Player for price, with many features. Reviewed in the United States on November 30, 2009. Bought this from Walgreens a few days ago; quite contrary to another review, I have pressed every button many times, and none has broken and, in fact, everything works perfectly. CDs play fine and sound is decent;60 second anti-skip protection worked fine - no skips while playing in the car.

1.0 out of 5 stars Money down the drain. Reviewed in the United Kingdom on 27 November 2007. This is an appalling product, a total waste of money. Regrettably I did not unpack it until the guarantee had expired, so was lumbered with a spasmodically functioning 'player' which generally reported 'no disc' when one was inserted, and, when it did play, frequently gave up during playback, even though all CDs were in new condition and scrupulously clean.
