Mining is the extraction of valuable minerals or other geological materials from the Earth, usually from an ore body, lode, vein, seam, reef or placer deposit. These deposits form a mineralized package that is of economic interest to the miner. Ores recovered by mining include metals, coal, oil shale, gemstones, limestone, chalk, dimension stone, rock salt, potash, gravel, and clay.

that much of what we assume about ownership is wrong. Whether a lost wallet, a playground swing or a London flat, Mine! explores what ownership means and why it governs everything we do.

"For Smoke and his daughter Denny, life on the Sugarloaf Ranch is more valuable than all the gold in the world. Which works out fine, since all the gold mines in Big Rock were squeezed dry years ago. Even so, that won't stop a pair of smooth-talking businessmen from trying to squeeze out a little more. The Jensens can smell trouble brewing from a mile away. And when it involves gold, guns, and good love gone bad, it's more than just trouble. It's a massacre waiting to happen..."--

In a lively Freakonomics-style survey of ownership, two acclaimed law professors reveal the hidden rules that decide who owns what and how they control our lives "Mine!" is one of the first words babies learn. The instinct for possession is hardwired in our DNA and is one of the driving forces of human (and animal) psychology. By the time we grow up, whether we are buying coffee or a home, we assume that "mine" couldn't be simpler. But who controls the space behind your airplane seat, you reclining or the passenger behind you trying to work on her laptop? Should someone be prohibited from operating a food truck in the metered parking space in front of your restaurant? Should you have the right to shoot down a drone peering into your house as it delivers a UPS package to your neighbor? Mine! reveals that much of what we assume about ownership is not natural at all--there are hidden rules that have emerged over centuries of social living, wielded by governments, businesses, and savvy others to their own

Acces PDF Mine

benefit. More important still, these choices are always in flux and open to revision. Mine! is your guide into this hidden world of ownership that controls our lives.

Cherished by fans and collectors, "I Me Mine" is the closest we will ever come to George Harrison's autobiography. This new edition has been significantly developed since the 1980 original; now printed in colour, and with previously unseen archive material, the book covers the full span of George Harrison's life and work. Featuring George Harrison in conversation with Derek Taylor, "I Me Mine" delves into everything from Harrison's upbringing in Liverpool and the growth of early Beatlemania, to his love of India, gardening and racing cars. With over fifty archival photos, Harrison's words, and his song lyrics, this book offers an insight into the musician's life, work and philosophy. "I Me Mine - The Extended Edition" presents the lyrics to 141 George Harrison songs, with handwritten lyrics beautifully reproduced in facsimile, accompanied by Harrison's uniquely intimate and humorous commentary. This edition has been expanded to include 59 new songs; as well as tracks written for The Beatles, it also contains lyrics from Harrison's solo career, including his albums "All Things Must Pass" and "Brainwashed." "I Me Mine - The Extended Edition" presents for the first time a complete compendium of Harrison's musical career and his writing. With written contributions from Olivia Harrison and Derek Taylor, original cover art by Shepard Fairey, and a wealth of previously unpublished material, the new edition of "I Me Mine" is a treasured portrait of George Harrison and his music."

New South politics, Coster's writing shines"—New York Times Book Review From the author of *Halsey Street*, a sweeping novel of legacy, identity, the American family—and the ways that race affects even our most intimate relationships. A community in the Piedmont of North Carolina rises in outrage as a county initiative draws students from the largely Black east side of town into predominantly white high schools on the west. For two students, Gee and Noelle, the integration sets off a chain of events that will tie their two families together in unexpected ways over the next twenty years. On one side of the integration debate is Jade, Gee's steely, ambitious mother. In the aftermath of a harrowing loss, she is determined to give her son the tools he'll need to survive in America as a sensitive, anxious, young Black man. On the other side is Noelle's headstrong mother, Lacey May, a white woman who refuses to see her half-Latina daughters as anything but white. She strives to protect them as she couldn't protect herself from the influence of their charming but unreliable father, Robbie. When Gee and Noelle join the school play meant to bridge the divide between new and old students, their paths collide, and their two seemingly disconnected families begin to form deeply knotted, messy ties that will shape the trajectory of their adult lives. And their mothers—each determined to see her child inherit a better life—will make choices that will haunt them for decades to come. As love is built and lost, and the past never too far behind, *What's Mine and Yours* is an expansive, vibrant tapestry that moves between the years, from the foothills of North Carolina, to Atlanta, Los Angeles, and Paris. It explores the unique organism that is every family: what breaks them apart and how they come back together.
