speeds, Gerrard breaks down the psychology of driving, what it takes, and how we can use it to achieve greatness in life. Flow psychology and staying in the zone. The key to the mental toughness that Gerrard believes it takes to achieve peak performance is the nirvana-like sensation of flow psychology or being in the zone. Flow psychology, or being in the zone, is a mental state in which one who is performing an activity is fully immersed in a feeling of energized focus, full involvement, and joy. It is through flow psychology that Gerrard introduces a blend of holistic mindset combined with a competitive edge, which is essential to successful professional driving. This mix of guts, tenacity and endurance is the foundation of Gerrard's philosophy for attaining greatness.
