This is the first book to focus solely on ethics in public service interpreting. Four leading researchers from across Europe share their expertise on ethics, the theory behind ethics, types of ethics, codes of ethics, and what it means to be a public service interpreter. This volume is highly innovative in that it provides the reader with not only a theoretical basis to explain why underlying ethical dilemmas are so common in the field, but it also offers guidelines that are explained and discussed at length and illustrated with examples. Divided into three Parts, this groundbreaking text offers a comprehensive discussion of issues surrounding Public Service Interpreting. Part 1 centres on ethical theories, Part 2

interpreting and translating has received growing attention in recent years, with increasingly mobile populations and human rights, diversity and equality legislation shining the spotlight on the need for quality provision across an increasing range and volume of activities.

Interpreting and Translating in Public Service Settings offers a collection of analytically-grounded essays that provide new insights into the reality of the interaction in public sector settings and into the roles and positioning of the participants by challenging existing models and paradigms. Issues of local need, but with global resonance, are addressed, and current reality is set against plans for the future. The triad of participants (interpreter/translator, public sector professional and client)

is investigated, as are aspects of pedagogy, policy and practice. Empirical data supports the study of topics related to written, spoken and signed activities in a variety of professional settings. Bringing together academics and practitioners from different countries in order to explore the multidisciplinary dimension of the subject, this collection should serve as a valuable reference tool, not only for academics and students of public sector interpreting and translating, but also for practising linguists, providers of language services and policy makers.

This edited volume sets out to explore interdisciplinarity issues and strategies in Public Service Interpreting (PSI), focusing on theoretical issues, global practices,

and education and training. Unlike other types of interpreting, PSI touches on the most private spheres of human life, making it all the more imperative for the service to move towards professionalization and for ad hoc training methods to be developed within higher institutions of education. PSI is a fast-developing area which will assume an increasingly important role in the spectrum of the language professions in the future. An international, dynamic, and interdisciplinary exploration of matters related to PSI in various cultural contexts and different language combinations will provide valuable insights for anyone who wishes to have a better understanding when working as communities of practice. For this purpose, the Editors have collected

Public Service Interpreting is a hugely complex activity, encompassing human, ethical, commercial and political dimensions. It is unseen and unrecognized by most of the population but vital to those who depend on it for their security or wellbeing. The quality of PSI provision is seen by the authors as a clear indicator of how a society views and responds to the realities of a multi-ethnic and multilingual global community. Following recent significant changes in the power balance between them this book explores the increasing tensions among multiple stakeholders who together deliver such a fundamental service in a modern open society. Chapters focus on how all stakeholders need to appreciate the wider context of political and

This edited collection brings together new research on public service interpreting and translation (PSIT) with a focus on ideology, ethics and policy development. The contributions provide fresh theoretical and empirical perspectives on the inconsistencies in translation and interpreting provision observed in different geonational contexts and the often-reported tensions between prescribed approaches to ethics and practitioner experience. The discussions are set against the backdrop of developments in rights-

based discourses on language support services and the professionalisation of the field, drawing attention to how stakeholders and interpreting practitioners navigate the realities of service in the context of shifting ideological landscapes. Particular innovations in the collection include theorisations about policy and practice that draw on political science, applied ethics and paradigms of trauma-informed care. The volume also presents research on settings that have received limited attention to date such as prison and charitable services for survivors of violence and trauma.

surrounding ethics in translating and interpreting. The chapters chart the philosophical and theoretical underpinnings of ethical thinking in Translation Studies and analyze the ethical dilemmas of various translatorial actors, including translation trainers and researchers. Authored by leading scholars and new voices in the field, the 31 chapters present a wide coverage of emerging issues such as increasing technologization of translation, posthumanism, volunteering and activism, accessibility and linguistic human rights. Many chapters provide the first extensive overview of the topic or present new takes on established areas. The book is divided into four parts, with the first covering the most influential ethical theories. Part II takes the perspective of agents
