She Means

She Means Business is an honest account of what is like to be an entrepreneur. Particularly a female entrepreneur.

The book is thoughtfully written in such a way you are taken on a journey, whether starting a business is a dream, or if you already have a business, this book confirms that it 's okay to be you, and to inject

Your turnover is your
total business income
during a set period of
time – in other words,
the net sales figure. Profit,
on the other hand, refers
to your earnings that are
left after any expenses
have been deducted.
