One of the most critical aspects of strategy  
in Starcraft 2 is your "build.". A build is  
simply the rough order in which you choose to  
construction your buildings and units. Having  
a build results in two things. First, the  
build gives you a basic plan. This is  
critical for players stuck in Bronze, who  
often don't even have a plan when they go  
into battle.

## ~~StarCraft II Official Game Site~~

Starcraft 2 is the type of game where serious improvement comes only from practice. This game requires a great deal of concentration and habitual repetition, and building this discipline can't come from reading strategy guides - it can only come from practice. There are two ways to win games in lower leagues.

gentlemen, and I think it's time to post an updated guide on the Hammer 111 build. I am a Master League Terran and I've played Starcraft since the original game; TvP is my strongest match. The Hammer 111 composition includes a Raven, Banshees, Thors, Marines and Ghosts, and effectively utilizes some of the HIGHEST DPS per cost units in the Terran arsenal.
