This study guide is meant as an accompaniment to the book Strategic and Tactical Considerations on the Fireground, Third Edition written by retired Deputy Chief James P. Smith of the Philadelphia, PA, Fire Department and published by Brady/Prentice-Hall. It is not meant to be an all-inclusive text or to answer all-encompassing questions; it is meant to reinforce the text after it is read. In many cases the questions are narrow in design and emphasize specific points made within the text.

corporation today faces the challenges of a rapidly changing global economy, a revolution in communication channels fueled by the Internet, and a substantially transformed understanding of what a 21st century corporation stands for. This book investigates these forces and the specific communication challenges that they pose for the global corporation. Examining these forces and how they are interrelated should offer insights and strategies for students of the corporate communication discipline and business leaders to help them deploy effective communication as a strategic business asset in the contemporary global economy. This book focuses on the process of communication in a corporate context; and explores, analyzes, integrates, and applies the theory, practice, and functions of corporate communication. The combination of a theoretical framework for understanding how these forces influence corporate communication with practical guidelines for effective communication within this framework will also be of value to practitioners as well as students of the communication discipline. Designed for the professional whose position requires the creation and management of an organization's communications, this book applies strategic approaches to tactical written and oral communication, and includes a particular emphasis on problem solving and analytical techniques appropriate to global corporate environments. Essential to effective communication in corporate and organizational environments is the ability to understand and apply the concepts of corporate communication as strategic management functions.

Decorated ex-US Navy SEAL officer Jocko Willink delivers hard-won leadership principles that have been tested and proven on the battlefield, in business and in life. Leadership Strategy and Tactics takes the guesswork out of leadership by translating theory into practical skills and manoeuvres that leaders at all levels can apply, practice and execute. From the #1 New York Times bestselling co-author of Extreme Ownership, this book is a powerful and pragmatic step-by-step guide to leading any team, in any situation, to victory. PRAISE FOR EXTREME OWNERSHIP AND THE DICHOTOMY OF LEADERSHIP 'The smartest, most revolutionary management approach since Jack Welch's Six Sigma.' Don Imus 'I've never read a book that reveals the truths of leadership in such detail and rawness. The true value of this book cannot be quantified in words.' Pete Roberts, CEO, Origin USA 'Whether you're leading in the family room, the boardroom or in the community, this book will help you lead, and most importantly, win.' Ryan Michler, Founder, Order of Man

Two-thirds of rapid-growth firms use written business plans, according to Price, Waterhouse, Coopers 1998 Trendsetter Barometer. The survey also states that firms with written plans grow faster, achieve a higher proportion of revenues from new products and services, and enable CEOs to manage more critical business functions. How to Develop a Strategic Marketing Plan is both innovative and pragmatic in its approach. It explains how to combine the strategic vision of long-term business planning with

Actual case histories - from companies such as Campbell Soup, Co., Texas Instruments, Inc., and Quaker State Corp. - illustrate how business-building opportunities translate into strategies and tactics. They demonstrate the compelling relationship between internal organizational functions and external market conditions, the long- and short-term strategic marketing issues and the advantages of developing an SMP. Strategic market planning shapes the future of business. In its broadest dimension it sets in motion actions that impact long term prosperity. How to Develop a Strategic Marketing Plan gives you the tools to generate a credible strategic marketing plan so your organization can survive in the 21st century.

The ultimate guide on leadership from the #1 New York Times bestselling co-author of Extreme Ownership. In the military, a field manual provides instructions in simple, clear, step-by-step language to help soldiers complete their mission. In the civilian sector, books offer information on everything from fixing a leaky faucet to developing an effective workout program to cooking a good steak. But what if you are promoted into a new position leading your former peers? What if you don't get selected for the leadership position you wanted? How do you overcome imposter syndrome, when you aren't sure you should be leading? As a leader, how do you judiciously dole out punishment? What about reward? How do you build trust with your both your superiors and your subordinates? How do you deliver truthful criticism up and down the chain of command in a tactful and positive way? These are all questions about leadership—the most complex of all human endeavors. And while there are books out there that provide solid leadership principles, books like Extreme Ownership and The

Dichotomy of Leadership, there is no leadership field manual that provides a direct, situational, pragmatic how-to guide that anyone can instantly put to use. Until now. Leadership Strategy and Tactics explains how to take leadership theory, quickly translate that theory into applicable strategy, and then put leadership into action at a tactical level. This book is the solution that leaders at every level need—not just to understand the leadership game, but also how to play the leadership game, and win it.

The "Great Captains" frequently looked to crucial battles to learn lessons that they themselves employed. While the battles of antiquity have often been examined, Western generals looked to the wars of the Greeks and the Romans, the Chinese to their own campaigns, and so on. In this volume, Gabriel and Boose examine 31 wars, battles, or campaigns from Megiddo (1479 B.C.) to the fall of Constantinople (A.D. 1453) that had the greatest impact on the ancient world, stretching from the Mediterranean through the Middle East to Japan and Korea.
