The Art of Hearing Heartbeats could have been a novel that performed linguistic magic with sound, as Patrick Süskind did with scent in *Das Parfum*, but again Sendker strikes a rather flatter note. Tin Win hears “buzzing and blowing, chirping and cheeping, rushing and rumbling” but it is seldom more excitingly conveyed.

The sequel to the international best-selling novel The Art of Hearing Heartbeats. Almost ten years have passed since Julia Win came back from Burma, her father’s native country. Though she is a successful Manhattan lawyer, her private life is at a crossroads; her boyfriend has recently left her and she is, despite her wealth, unhappy with her professional life. Julia is lost and exhausted. One day, in the middle of an important business meeting, she hears a stranger’s voice in her head that causes her to leave the office without explanation. In the following days, her crisis only deepens. Not only does the female voice refuse to disappear, but it starts to ask questions Julia has been trying to avoid. Why do you live alone? To whom do you feel close? What do you want in life? Interwoven with Julia’s story is that of a Burmese woman named Nu Nu who finds her world turned upside down when Burma goes to war and calls on her two young sons to be child soldiers. This spirited sequel, like The Art of Hearing Heartbeats, explores the most inspiring and passionate terrain: the human heart.

From the author of the internationally bestselling The Art of Hearing Heartbeats comes this charming collection of folktales that offer a window

into Burma's fascinating history and culture. Since 1995 Jan-Philipp Sendker has visited Myanmar (Burma) dozens of times, and while doing research for his novels *The Art of Hearing Heartbeats* and *A Well-Tempered Heart*, he encountered numerous folktales and fables. These moving stories speak to the rich mythology of the diverse peoples of Burma, the spirituality of humankind, and the profound social impact of Buddhist thought. Some are so strange he couldn't classify them or identify a familiar moral, while others reminded him of the fairy tales of his childhood, except that here monkeys, tigers, elephants, and crocodiles inhabited the fantastic lands instead of hedgehogs, donkeys, or geese. Their morals resemble those of the Brothers Grimm or Hans Christian Andersen, illustrating how all cultures draw on a universal wisdom to create their myths. The Long Path to Wisdom's evocative stories run the gamut of human emotions, from the familiar to the shocking, and are sure to delight fans of *The Art of Hearing Heartbeats* as well as those newly discovering the magic of Sendker's incandescent writing.

Once an ambitious American expat and a dedicated family man, Paul Leibovitz is living as a recluse on an outlying island of Hong Kong. When he makes a fleeting connection with Elizabeth, a distressed American woman on the verge of collapse, his life is thrown into turmoil. Less than twenty-four hours later, Elizabeth's son is found dead in Shenzhen, and Paul, invigorated by a newfound purpose, sets out to investigate the murder on his own. As Paul, Elizabeth, and a detective friend descend deeper into a politically corrupt China and the Shenzhen underworld—against the wishes of a woman with whom Paul has a growing flirtation—they discover dark secrets and vestiges of the Cultural Revolution that people will go to any lengths to keep hidden. Paul Leibovitz is determined to turn over a new leaf in Hong Kong and find peace after the death of his son. He believes that his love for Christine Wu will bring him the joy he desperately needs—but things change when Christine gets an unexpected letter from Da Long, the brother she hasn't seen in forty years, urging her to visit him in his remote village outside of Shanghai. Paul is compelled to travel with her, knowing full well that the mainland, with all of its menacing secrets, terrifies her. After an awkward reunion with her brother, Christine leaves immediately but Paul decides to stay. He's a journalist at heart, after all, and there are questions begging for answers, such as why are Da Long's wife, other local women, and even some pets exhibiting the same mysterious symptoms? With a bit of investigating, Paul discovers that a powerful chemical conglomerate has been polluting a nearby lake, and the Chinese government has done nothing to stop it. Da Long's children demand justice and want to sue, even though a suit would put their lives at risk. Will anyone take on their case or will intimidation and corruption suppress even the most outspoken citizens? Can Paul walk away, or will he pull the woman he loves reluctantly back into a world she escaped from decades ago?
