A fascinating book that reveals the ancient craft of tarot and offers detailed guidance on how to conduct readings of your own. This book teaches the reader how to connect with the time-honoured wisdom and spiritual power of the tarot and make major decisions - just by turning a card. Author and tarot expert Kim Arnold teaches using the Rider Waite tarot, which is acknowledged as the classic deck to begin understanding this ancient system. Ideal for first-time users of tarot cards, this book includes guidance on: - Choosing the right deck for you - Interpreting each of the 22 Major Arcana and 56 Minor Arcana cards - A variety of different spreads and techniques for weaving together the cards when you do a reading for yourself and others - Ways to meditate on the cards and go deeper into their messages. This title was previously published within the Hay House Basics series.

This kit combines Lupatelli's incredible deck with in-depth studies of The Fairy Tarot. The suits correspond to traditional Tarot, but reflect the fairy lifestyle (Acorns, Hearts, Leaves, and Bells). Some of the Major Arcana are renamed in honor of fairy history (for example, Justice becomes The Dryad and Temperance becomes The Sylph). According to myth, this deck was created by the Great Magician of the Fairies of the Enchanted Realm in order to help the undisciplined fairies learn appropriate behavior. The Great Magician wove magic into the cards; they could, when consulted properly, show seekers their problems and provide possible solutions. Kit includes 78 full-color cards and 160 page book.
