--Eliot Coleman, author of The Winter Harvest Handbook and The New Organic Grower "Small-Scale Grain Raising, 2nd ed., is the definitive book on how to grow, thresh, process, and use grains in the amounts that matter to a family--from enough wheat for a single batch of pancakes up to an acre or two--all the grain needed for a family with a cow, a pig, a few sheep, and a flock of chickens. The first edition has long been a cult classic, decades out of print, decades before its time, eagerly ...

Small-Scale Grain Raising: An Organic Guide to Growing ...

For anyone intending to grow small plots of grains organically, this book is a must read. While aimed for small farm scale operations primarily, there is a wealth of information that translates to smaller scale growing. His narrative is engaging, his patience and persistence inspiring. I go back to this book again and again.
