Houses of Study is an eloquent memoir of a Jewish woman's life and her efforts to reconcile the traditions of her faith with her belief in women's equality and the pull of modern American living. Ilana M. Blumberg traces her path from a childhood immersed in Hebrew and classical Judaic texts alongside Anglo-American novels and biographies to a womanhood where the two literatures suddenly represent mutually exclusive possibilities for life. Set in 'Houses of study,' from a Jewish grammar school and high school to a Jerusalem yeshiva for women to a secular American university, her intimate and poignant memoir asks what happens when the traditional Jewish ideal of learning asserts itself in a woman directed by that same tradition toward a life of modesty, early marriage, and motherhood. This Bison Books edition is updated with discussion questions.

"USA Today bestselling author Sherry Thomas turns the story of the renowned Sherlock Holmes upside down... With her inquisitive mind, Charlotte Holmes has never felt comfortable with the demureness expected of the fairer sex in upper class society. But she never thought that she would become a social pariah, an outcast fending for herself on the mean streets of London. When the city is struck by a trio of unexpected deaths and suspicion falls on her sister and her father, Charlotte is desperate to find the true culprits and clear the family name. She'll have help from friends new and old--a kind-hearted widow, a police inspector, and a man who has long loved her. But in the end, it will be up to Charlotte, under the assumed name Sherlock Holmes, to challenge society's expectations and match wits against an unseen mastermind"--

What does it mean to be a woman? The current cultural ideal for womanhood encourages women to be strident, sexual, self-centered, independent -- and above all -- powerful and in control. But sadly, this model of womanhood hasn't delivered the happiness and fulfillment it promised. The Bible teaches that it's not up to us to decide what womanhood is all about. God created male and female for a very specific purpose. His design isn't arbitrary or unimportant. It is very intentional and He wants women to discover, embrace, and delight in the beauty of His design. He's looking for True Women! Bible teachers Mary A. Kassian and Nancy Leigh DeMoss share the key fundamentals of biblical womanhood in this eight week study. Each week includes five daily individual lessons leading to a group time of sharing and digging deeper into God's Word. And to enhance this time of learning together, on-line videos are available featuring Mary and Nancy as they encourage women to discover and embrace God's design and mission for their lives. A True Woman Book The goal of the True Woman publishing line is to encourage women to: Discover, embrace, and delight in God's divine design and mission for their lives Reflect the beauty and heart of Jesus Christ to their world Intentionally pass the baton of Truth on to the next generation Pray earnestly for an outpouring of God's Spirit in their families, churches, nation and world

Reinmar der Alte, the twelfth-century poet also known as Reinmar von Hagenau, wrote a considerable number of 'Frauenlieder' and 'Frauenstrophen', i.e. poems and stanzas in which the speaker is a woman. However, there has never been a satisfactory scholarly treatment of these poems. Throughout the history of scholarship dealing with his works, the evaluation has been based mainly on a characterization of his personality. This volume tries to fill this gap by presenting and analysing the Woman's Song of Reinmar.
