The truth behind the causes and effects of America's economic downturn. The Complete Idiot's Guide® to the Financial Crisis explains the root causes and connects the events and issues with the problems that have confronted Americans over the course of more than a year, giving readers an unvarnished, unbiased, and in-depth analysis of the factors that lead up to the crisis, the major events that defined it, and the decisions and ramifications that resulted from it. "Interest in the financial crisis continues to build with several high- profile books and an HBO movie due out in 2010, as well as the success of Michael Moore's Capitalism: A Love Story ."Much of the financial crisis writing to date has been of the breaking news variety - this book will be one of the first books published after the smoke has cleared to offer a comprehensive analysis of what happened and how

More a continent than a county, India is an overload for the senses. From the Himalayan peaks of Sikkim to the tropical backwaters of Kerala, the desert forts of Rajasthan to the mangroves of West Bengal, India's breathtaking diversity of landscapes is matched only by its range of cultures, cuisines, religions and languages. The new, full-colour Rough Guide to India gives you the lowdown on this beguiling country, whether you want to hang out in hyper-modern cities or explore thousand-year-old temples, track tigers through the forest or take part in age-old festivals, get a taste of the Raj or watch a cricket match. And easy-to-use maps, reliable transport advice, and expert reviews of the best hotels, restaurants, bars, clubs and shops for all budgets ensure that you won't miss a thing. Make the most of your time with The Rough Guide to India. Now available in ePub format.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

After plummeting through a hole in her backyard and finding herself once again in the room of mysterious jars, eleven-year-old Olive unwittingly releases two of Elsewhere's biggest, most cunning, most dangerous forces.
