The xv6 teaching operating system is a great way to get a hands-on feel for a simple yet functional operating system. The xv6 operating system is about 9000 lines of code; and is formatted into a nice 100-page PDF file for easy reading. You can download a local copy of the PDF formatted source code from here. You may also download a complete copy of the source code from a github repo on the original xv6 page linked above.
